December 4, 2006

Kopplin's Coffee
presents Minnesota's only
Clover 1s Machine
The best coffee in Minnesota

Saint Paul, Minnesota - Kopplin's Coffee is proud to be the first in Minnesota to offer coffee brewed by the Clover 1s machine. With this new revolutionary brewing system, Kopplin's Coffee offers the freshest coffee in the state and a unique brewing experience - bringing customers closer to the roaster's cupping table.

The Clover 1s brews each cup individually and retains all the body and flavor of the bean, unlike the traditional drip method where much of these qualities get lost in the paper filter. To accomplish this, the Clover 1s employs both vacuum and press pot technology, creating extremely flavorful and well-extracted cups of coffee in under a minute. The Clover 1s is a product of The Coffee Equipment Company.

Kopplin's Coffee owner, Andrew Kopplin, says, "With the Clover 1s, coffee just comes alive. Flavors I wasn't aware of in the coffee suddenly become an integral part of the cup - no more searching for flavor - it's all there on display."

Be the first to try a cup made by the Clover 1s. Visit Kopplin's Coffee on Saturday, December 9 from 7:00 am to 7:00 pm for free samples. Coffee will be provided by Paradise Roasters. Each month, Kopplin's Coffee will host a free coffee tasting. Call (651) 698-0457 or visit kopplinscoffee.com for dates and times.

Kopplin's Coffee is dedicated to quality and committed to serving the best espresso and coffee in Minnesota. Its baristas are passionate about coffee and prepare each cup with care. Kopplin's Coffee's goal is to change the way people of the Twin Cities think about coffee...one cup at a time.

Kopplin's Coffee is located at 490 Hamline Avenue South in Saint Paul, Minnesota. Hours are Monday through Friday from 6:00 am to 6:00 pm and Saturday and Sunday from 7:00 am to 7:00 pm. For more information, call (651) 698-0457 or visit kopplinscoffee.com.
